

SPRING
FERTILITY

You make the plan.
We make it possible.

360° Single Day Fertility Evaluation & Action Plan

Because your time is valuable, we offer a single day initial evaluation of both partners, which includes:

- ✓ Physician Consult
- ✓ Physical Exam
- ✓ Vaginal Ultrasound
- ✓ Semen Analysis
- ✓ Hormone Blood Panel
- ✓ Hysterosalpingogram (HSG) to test for open tubes
- ✓ Saline Sonogram

While we run blood tests and the semen analysis, take a short break before returning to review the results with our team of specialists.

By the end of the day, **you'll know your options and probability for success.** You'll leave equipped with a personalized roadmap and treatment plan.
